

STRAIGHT WIRE

SYMPHONY

SPEAKER CABLE

OFHC Copper Conductors

For accurate, uncolored presentation

Foam TPR Insulation

For mechanical isolation and control

Helix Design

Produces authentic soundstage

Symphony, like all Level 2 cables, offers the option of internal bi-wiring for many of today's better speakers. Full, developed bass with rich midrange make Symphony is a great cable for a variety of speaker applications. **IBW** (internally bi-wireable cable)

LEVEL 2 - ENHANCED

SIGNIFICANT ADVANCEMENT BEYOND STANDARD CABLES
